

Solution to Increase
Carbonated Sensation

CARBOSATION™

Natural flavor* which
stimulates the
carbonated sensation

For fresh carbonated
sensation

Solution for
carbonation loss

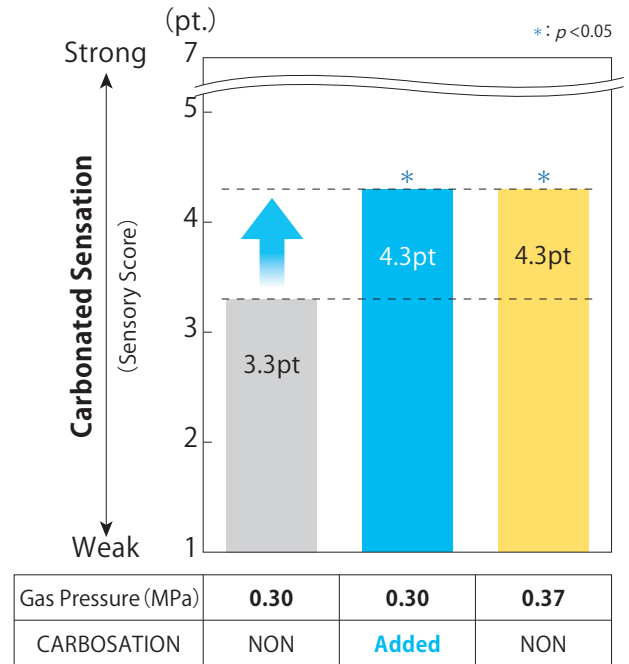

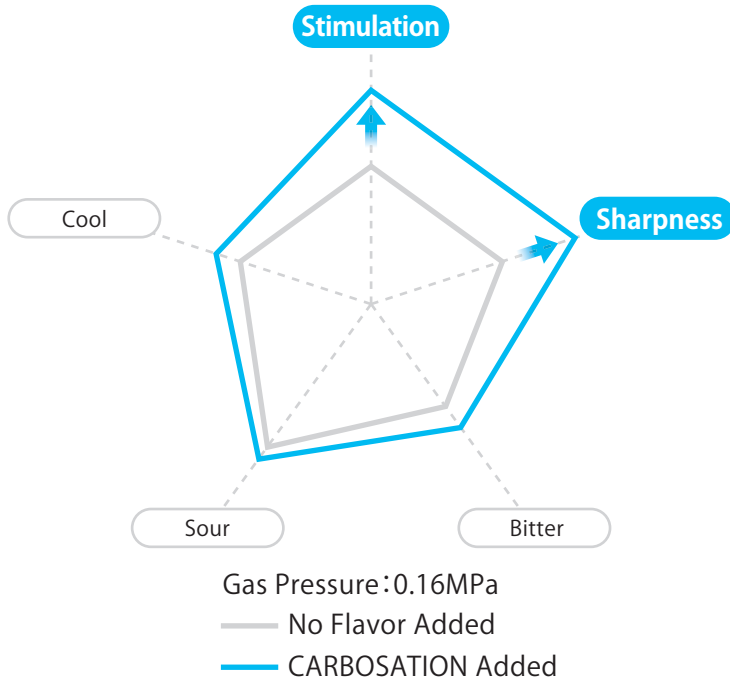

For development of
stimulating beverages

Effect in Carbonated Beverages

CARBOSATION™ flavor increased the stimulation of carbonated sensation in semi-carbonated beverages.

Adding CARBOSATION™ flavor to carbonated beverages increased the carbonated sensation to equivalent of approximately 0.07MPa.

Especially recommended for energy drinks, carbonated juice beverages, and powder drinks!
